

Oswald Coworker, Sister Testify Before Commission

Washington Bureau of The News

WASHINGTON — The Warren Commission Wednesday heard three witnesses discuss some of the events of Nov. 22 in Dallas—the day President Kennedy was assassinated.

Buell Wesley Frazier and his sister, Mrs. Linnie Mae Randle, talked about Frazier's driving the late Lee Harvey Oswald to work at the Texas Book Depository that fateful morning. Both Oswald and Frazier were employed at the depository.

An FBI agent—whose name was not released—identified a container that was found in the book building—evidently the one that held the rifle with which Oswald is charged with assassinating the President.

Although Frazier and Mrs. Randle refused to discuss their testimony, Chief Justice Earl War-

ren explained that Frazier and Oswald to work and met Mrs. Randle saw them leave since she lives near the house where Oswald was staying. Frazier was with his sister.

Frazier, asked by members to discuss his testimony, turned quickly from fear he was entering and snapped: "I've talked to higher authorities than you and they told me I do not have to talk with you."

Later Warren restated the commission position on witnesses. He said the commission was not instructing the witnesses not to talk.

Bus Crash Kills 10

BOGOTA, Colombia (UPI) — Police said Wednesday 10 persons were killed and 15 others injured when a passenger bus left a highway en route to Cucuta and plunged 300 feet down a mountainside.

However, it is apparent some one is. There was little doubt from Wednesday's goings-on that the commission is now reconstructing Oswald's activities on the day of the assassination.

The commission used Frazier and Mrs. Randle to get him to work on that Friday and the next witnesses—due here Thursday—are Cecil J. McWatters and William Wayne Whaley.

McWatters is the bus driver who picked up Oswald near the book depository building soon after the assassination and Whaley is the cab driver who carried Oswald to a point near his Oak Cliff rooming house after Oswald got off the bus when he found the traffic too slow.

There will be no witnesses Friday, a commission spokesman said.
